As a voting member of your district, I am extremely concerned about our country's many existential threats. I am relying on you as House Chairman of the Foreign Affairs Committee to do your job wisely in this extremely dangerous time.

#### **TODAY'S VITAL THREATS;**

- **No WWII nuclear war or American troops on the ground defending Ukraine**
- **Maintain strict accounting on money already spent and currently directed to Ukraine**
- **Stop the illegal southern border invasion which is an existential Texas threat and harms us all, physically and/or financially**
- **Maintain our own weapons inventory at acceptable levels**

#### **THE "ASK"**

1. **Convene a committee hearing to investigate Ukraine addressing the above.**
2. **Convene a committee hearing to investigate the southern invasion of people and contraband by foreign powers.**
3. **Call press conferences and town halls in your district to keep us informed.**
4. **Address these critical issues to your constituency and to the American people.**
5. **Use the power of the purse to press for resolution on these issues.**

**We all need to know why we are putting our country at risk of nuclear war, and spending so much money to do it.**

**Respectfully,**
